

ThixOgrease2

ThixOgrease2 is specifically engineered to provide outstanding results in the most extreme conditions. The incredible flexibility in performance allows the grease to be used in both high and low speed operation and is the ideal application for centralized lube systems. Operates efficiently under extreme loads and pressures.

ThixOgrease2 uses an advanced thickening agent (Overbased Calcium Sulfonate) and superior additive technology which exhibits a water resistance in excess of 20 times that of conventional grease thickeners.

ThixOgrease2 demonstrates outstanding sheer stability, and exhibits a broad temperature range (-35°C to >250°C) dependent on application requirements.

Proven to deliver performance in mining, industrial manufacturing, marine, agriculture, forestry and construction industries.

**NSF Non-foods compound listed H2: 130415
NLGI GC-LB**

ThixOgrease2: For use in centralized greasing systems and as a multipurpose high performance grease to provide protection over a broad range of conditions.
